Romagna Liberty

If you are in Riccione (Rimini province, Emilia-Romagna region) you have to see this exhibition: *Romagna Liberty. Ville e opere d'arte Liberty in Romagna tra Otto e Novecento - Romagna Liberty. Liberty villas and artworks in Romagna between '800 and '900* (Riccione, from 2014 April 5th to July 31st).

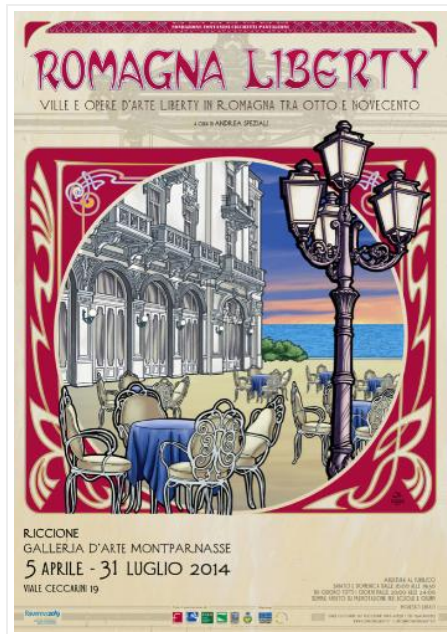

Liberty is the Italian art period between 1880 and 1914. In France is known as Art Nouveau.

This is the website Romagna Liberty with all information (only in Italian).

Exhibition's curator is Andrea Speziali. In 2012 he wrote this interesting book *Romagna Liberty*, published by [Maggioli](#) (only in Italian, eur 30,00).

Lovely exhibition's playbill.
